

Needham Market Town Council
Climate Awareness Group
MINUTES: Tuesday 17th October 2023
7pm, Chairperson's home

Present	Amanda Reardon (Chair); John Reardon; Jo Lea; Nicola Booth.
Apologies	Andy France; Jean Pittaway; Alan Wilkinson.
Minutes of last meeting	The minutes of the meeting held on 19.09.2023 were approved.
Thermal Imaging	The Risk Assessment was discussed and agreed. This will be circulated to those who will be carrying out scanning. 20 queries received so far. The main article has yet to appear in the newsletter. Amanda is managing the delivery and receipt of booking forms. The format of the report people will receive was agreed and will remain the same as last time. We will ask those who had a scan last time and were due to do some work as a result if they would like a re-scan. Available dates were shared from attendees. ACTIONS: • Please let Amanda know ASAP if you are willing to undertake scanning or support someone who is (we need to go out in pairs). Even if you could only do one or two evenings, it will have an impact as we are hoping to complete up to 4 scans per evening. The cameras are easy to use and Nicola/Amanda will show you how. • Please let Amanda know your available dates ASAP.
Earth Day	We discussed the reality of the Earth Day event in terms of energy expended for value resulting. It may be that we need a different focus, e.g. children's workshops. ACTION: For our next meeting, please have a think about this event: what we could do to make it more successful; what you could personally bring to the event; whether we as a group have capacity; whether our efforts would be more productive in other directions.
Community Orchard	WE HAVE THE LEASE!! Just the formality of getting it signed. So, we will dedicate the majority of our next meeting to planning the steps needed, allocating tasks etc.
AOB	Beth Murrell will be invited to our January meeting.
Next Meeting	Tuesday 28 th November 7pm Green Room (No meeting in December)
